

Teams in Charge for the Evening

Through the course of this floodlight season, each team will be in charge for the evening five times. When you are nominated by your captain to be in charge, you must:

- get 6 floodlight tokens from Debbie Williams (6 Garland, Rothley, 07857 896167) well in advance of the evening session. No payment is needed for these tokens.
- get two sets of balls from the clubhouse (test the cans out to get the best 8 balls)
- when all players are present, put three tokens in court 1 and three in court 2 - this will last 90 minutes
- collect the final scores of each team and text them or email them to Jamie Colville (07944 844997, cinemashow@btinternet.com). Do not send scores for each rubber, just the final tally for each team.
- keep an eye out on the weather as the start time approaches and instruct your captain if you feel the match cannot be played. The final decision is probably about 60 minutes before the start time.
